DESCRIPTION

Jasol's Environmental Choice EC1 is an environmentally responsible and very convenient all in one cleaner and sanitiser that is highly effective in both soft and hard water. EC1 is made from renewable plant resources rather than oil based ingredients, is readily biodegradable and is an environmentally responsible choice for your cleaning needs. EC1 is also fragrance-free, making it an ideal product for use in food preparation and processing areas.

DIRECTIONS FOR USE

General purpose cleaner and sanitiser that can be used on all surfaces including walls, floors, tables, benches, food processing equipment and in cold rooms such as refrigerators.
For cleaning -
1. Use 50-100ml in 5 litres of warm to hot water and mop surfaces to be cleaned.
2. Add 10mL to 750mL spray bottles for bench tops and similar hard surface cleaning.
For sanitising:
1. Use 125ml in 5 litres of warm to hot water and mop surfaces to be sanitised.
2. Add 20mL to 750mL spray bottles for bench tops and similar hard surface sanitation.
Rinse all food contacting surfaces with potable water after use..

SAFETY INFORMATION

Although EC1 – CLEANER SANITISER is considered a non-hazardous product, the following general First Aid procedure applies. If poisoning occurs, contact a Doctor or Poisons Information Centre. If in eyes, hold eyes open and flood with water for at least 15 minutes and then consult a Doctor. If swallowed do not induce vomiting, give water to drink. To prevent microbial contamination, close containers immediately after use and do not add or insert any foreign materials or objects. For specific safety information please refer to the Material safety Data Sheet
